

CMS Web is a versatile and strong management tool. It contains the latest updated information on all RHD contracts that are being handled throughout the country. It is now as easy as a click to get information on any contract and get both its physical work details and financial details.

Manage contracts

- Identify contracts that are performing well
- Identify contracts that are making slow progress
- Identify contracts that are halted
- Know liability to the contractors
- Identify contracts that are recently paid
- And many more ...

Financial progress compared with physical progress

Zone performance of RHD
